

EXCESS BAGGAGE

Exercise shoes. I ran the London marathon using a treadmill while on the ISS

Special gifts which I brought back to Earth and am planning to give to my sons on their 18th birthdays

Helen Sharman's lent me her copy of Yuri Gagarin's book 'Road to the Stars' which I signed while in space

Greetings, space explorers, Tim Peake checking in. Here is everything I packed in my luggage when I travelled to the ISS. What are you packing on your journey to Mars?

A sickbag just in case the nausea got too much during the journey

Photos of my family

A torch – it's dark in space!
